You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toy and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is easy! There are **3** simple ways to order:

1 Use the Short Order Form.
Fill in with the items you'd like to order from this issue.

2 Ask for the companion Customer Order Form.
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 Ask your retailer about their "Pull & Hold" service.
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

EDITOR'S *note*

SUMMER BEGINS...

Once again, its summertime, my favorite time of the year. Warm weather, movies, vacations, and plenty of fun!

And speaking of fun, I hope all of you got out to your local comic shops this past May 1st for all of the *Free Comic Book Day* festivities. From the Gold Country of Folsom, California to the "Big Apple", New York City, and everywhere in between, kids of all ages (and their families, too!) picked up free comic books — in some cases their first ever — and discovered what many of us take for granted: the magic of comic books. From all reports, it was a rousing success on all levels, and we're already making plans for *FCBD 2011* on Saturday, May 7th!

Iron Man II has been in theaters for a few weeks now, officially launching the summer movie season and making some serious box office bank right off the bat. Its going to be a great summer movie season this year, and I for one can't wait for flicks like ***Toy Story 3***, ***Jonah Hex***, ***The A-Team***, ***The Expendables***, ***Inception***, ***Predators***, and ***Scott Pilgrim***, to name but a few!

Summer also means its time for the main event... the *San Diego Comic Con*! It's surely going be another unbelievable convention experience this year, with wall-to-wall entertainment... and wall-to-wall people! I'll be hitting the floor once again this year to take in all the sights and sounds of Comic Con, and maybe get my hands on some cool Japanese monster toys and some show exclusives.

So, whatever you find yourself doing this summer, don't forget to make ***PREVIEWS*** a part of it! Because besides a good paperback book, nothing provides more beach reading material than an issue of ***PREVIEWS***... and when you're done with it, you can always pass it on to someone else. Just don't let me see you using it to level out your beach chair. Man, that'd just be hurtful...

Your Pal @ ***PREVIEWS***

Marty

THOMASjaneTHOMASjaneTHOMASjaneTHOMASjaneTHOMASjaneTHOMASjaneTHOMASjaneTHOMASjane

This month's featured creator is...

THOMAS JANE

Thomas Jane currently stars in HBO's acclaimed series ***Hung***, which earned both ***Hung*** and Jane Golden Globe nominations in its freshman year.

Displaying true versatility in a wide range of films, Thomas combines a leading man's profile with a character actor's art of performance. He also has a myriad other talents in the field, among them director and writer.

Most recently Jane directed and starred alongside Ron Perlman and Lauren German in the twisted, psycho-noir ***Dark Country 3D***.

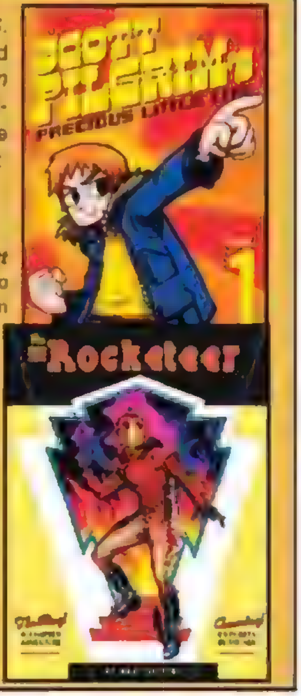
Jane developed a cult following when he starred as the title character in the big-screen adaptation of Marvel Comic's ***The Punisher*** for Lions Gate Entertainment. It was then that he met and forged a friendship with Eisner Award-nominated illustrator/production designer, Tim Bradstreet.

Soon after, Jane founded Raw Studios and, in partnership with Bradstreet, began producing high-end, 'elevated genre' graphic novels, using some of the best artists working today including Mark Shultz, William Stout, Dave Stevens, and Bernie Wrightson. Several of these properties are currently being packaged for movie and television deals, among them ***Alien Pig Farm 3000*** and the cult-classic horror anthology, ***Twisted Tales***. Jane partnered with Steve Niles to write the critically acclaimed sci-fi mini-series, ***Bad Planet***, penciled by James Daly III and inked by Bradstreet. Bruce Jones and Jane are currently hard at work on the ***Bad Planet*** sequel, with award-winning artist, Greg Staples, penciling and inking.

THOMAS JANE WITH ARTIST TIM BRADSTREET

Thomas Jane: what are you reading?

Jane grew up reading old *MAD* magazines and E.C. reprints, but his comic book reading life was altered forever when he found a rare copy of Kim Deitch's *Corn Fed Comix* in an auction box. Since then his well-warped mind has been seeking alternative thrills in the Indy press, and these books currently offer a decent fix



SCOTT PILGRIM (ONI Press)
"Filled with energy, part cool kid and part loser boy, ***Scott Pilgrim's*** humor bites in and doesn't let go. I like this one so much, I've got a cameo in the film! Get on the ***Pilgrim*** train *before* the classic movie comes out and be the coolest loser on your block!"
Scott Pilgrim Vol. 1: Scott Pilgrim's Precious Little Life (FEB108442)

THE ROCKETEER Omnibus (IDW Publishing)
"Okay I wrote the intro. But this is the book you've been waiting for. If you've never read ***The Rocketeer***, I envy you your chance to discover it for the first time. Find it. *Now!* And if you remember ***The Rocketeer*** from when it first came out, then find it! *Now!* Dave Stevens is one of the all time greats. He and his work will never be forgotten."

AVENGERS, BLADE, AND VAMPIRES — OH, MY!

The Ultimate Universe has faced grave threats in the past year – Magneto attempted to destroy the world, and many heroes fell trying to stop him. Threats that have remade the universe as heroes and civilians, working together, attempt to rebuild a new world, a *better* world for the future. One of those projects? The Avengers, a team of heroes joined together in common cause to defend the world. This summer, the Avengers confront an ancient and malevolent evil as Blade the Vampire Hunter becomes their unlikely ally in *Ultimate Comics Avengers 3* #1

Something lurks in the shadows. Perhaps *many* things. Some may be human. Something wears a strange, devilish costume. Something wears an iron suit. And, following them all? Blade. A vampire hunter, he tracks a bloody trail of bodies left with bite marks on their necks, and when he finds the culprit he will drive a stake into its undead heart. But Blade's path will lead him to a surprising destination, as the Avengers find themselves the target of the vampire horde! Can an unlikely alliance prevent the vampire apocalypse?

A new chapter begins this summer for one of the Ultimate Universe's newest legends. *Kick-Ass* and *Nemesis* creator Mark Millar, long one of the leading lights of the Ultimate Universe, is joined by Steve Dillon, the acclaimed *Punisher* artist for the six-issue *Ultimate Comics Avengers 3*. The vampires are rising, humans are falling, and Blade holds the key. Grab your stakes, stock up on garlic, keep crucifixes and mirrors handy, because you'll need them when *Ultimate Comics Avengers 3* #1 arrived in comic shops this August!

THE RED HOOD METES OUT JUSTICE IN A NEW DC COMICS FILM

MAGNUS RETURNS TO FIGHT IN THE ROBOT ARENA IN DARK HORSE'S NEW SERIES

In the Silver Age, Gold Key introduced some of comics' most memorable characters — Dr. Solar, Magnus Robot Fighter, and Turok Son of Stone. These characters, running the gamut from prehistoric action to present-day super-heroism to futuristic escapism were beloved by a generation. Revived twenty years ago by comics legend Jim Shooter and Valiant Comics, these characters are reimagined once more for a new generation by Shooter and Dark Horse Comics as *Magnus, Robot Fighter* returns this August!

The world of the far future is a gleaming metropolis that spans a continent and stretches from sea to sea, with spires that reach into the clouds and robots that fulfill humanity's every need and whim. From the outside, this would be a technological utopia, but beneath the surface a world of organized technocrime keeps its fingers on the pulse of society utilizing rogue robots to terrorize the citizenry. One man stands between peace and robotic crime — Magnus, Robot Fighter — and he must journey into civilization's sordid underbelly and there confront his greatest challenge!

Written by Shooter with artwork from Bill Reinhold, *Magnus, Robot Fighter* will take readers on a dazzling journey into a world of technological marvels. Also reprinting the original *Magnus* story from 1963, *Magnus, Robot Fighter* #1 represents the dawn of a new legend for a new age!

WAR MACHINE IS READY FOR ACTION WITH KOTOBUKIYA'S NEW STATUE

CAST A SPELL WITH THE NOBLE COLLECTION'S HARRY POTTER REPLICA WAND

London's Diagon Alley is a center of wizarding commerce and culture, and wizards needing a wand of power turn to a business that has been in operation since the time of the Druids — Ollivander's Wand Shop. Harry Potter purchased his wand from Mr. Ollivander, and while as a Muggle you cannot browse Ollivander's, thanks to The Noble Collection you can purchase the *Harry Potter Illuminating Wand Prop Replica*, which recreates in exacting detail the wand used in the blockbuster films. Measuring 14" long, this is a wand befitting a wizard, and while you cannot conjure or cast spells with it, you can display this wizarding artifact with its display case.

When one leader finally rose above the others and was proclaimed shogun, a peace came upon Japan and the samurai warriors found themselves suddenly unemployed. Many of these *ronin* turned to banditry to survive; others found work with minor lords. But whether they took the honest road or the crooked path, the *ronin* all found one common link—they were generally less than welcome. Such is the tale of Usagi Yojimbo.

The small island that he and Olivia have used to put some distance between them and the Turanian military has turned out to be an appealing hiding place for another group of outlaws—the Red Brotherhood! Traveling only with the beautiful Olivia, and without an army of mercenaries at his back, Conan is no longer protected from their rage. However, they may not be the most dangerous adversaries Conan will have to face if he and Olivia are to get off the island in one piece! Large predators stalk the forest, and there is something much, much worse lurking within the ruins of an ancient civilization.

60TH ANNIVERSARY CLASSIC PEANUTS #4:

LINUS

- **On sale Oct 20**
- **Limited to 750 numbered pieces**
- **Packaged in its own tin box, with a pin-back button and a character booklet**
- **$49.95**

Dark Horse continues its yearlong celebration of Charles Schulz's masterpiece, *Peanuts*. Peanuts premiered on October 2, 1950, in eight newspapers. As we all know, it grew to become probably the most popular comic strip ever.

United Media is letting us go back to the original look of the characters from 1950, which was considerably different than today's look, and sculpt statues for a special sixtieth-anniversary limited-edition series of the five main characters. Sculpted by Yoe! Studio.

Who needs a security blanket when you can put your faith in the original treatment of Linus?

CLASSIC UNCLE SCROOGE SERIES 2 #4:

HUEY, DEWEY, AND LOUIE

- On sale Oct 20
- Limited to 950 numbered pieces
- Packaged in a full-color, litho-printed tin box, with a character booklet and a vintage-style pin-back button
- $49.95

One of our best-received Syroco-style statuette series ever has been of the characters from Carl Barks's Uncle Scrooge stories.

We're continuing our line of statues with a new series, based on specific cover images by Barks, and our fourth statue is inspired by the cover to *Walt Disney's Comics and Stories* #150 (March 1953).

The Uncle Scrooge series depicts the characters as they were originally presented in the comics. Sculpted by Yoe! Studio.

MYSPACE DARK HORSE PRESENTS #35

Stan Sakai (W/A), Art Baltazar (W/A),Gabriel Bá (W), and Ben Bates (A)

It's the penultimate issue of *MySpace Dark Horse Presents*, and in these last two issues we are going all out. Get ready for more comics goodness than you thought the Internet could handle!

First, *Usagi Yojimbo* creator Stan Sakai is here with a new tale of his beloved rabbit ronin, "Cut the Plum." Justin Aclin and Ben Bates have "S.H.O.O.T. First," the debut of a team of occult warriors who fight the supernatural using the power of . . . well, not really believing in any of that crap. Gabriel Bá brings us a brand-new story about a writer trapped between fiction and reality (or is he?). Plus, we loved Art Baltazar's story in the last issue so much that he's back again, this time with desert (and dessert) hijinks in "Grimmiss Island." Buckle up, because these last two months are going to be a wild ride!

MySpace Dark Horse Presents is a free online anthology that provides fresh content the first Wednesday of every month, with stories archived so that it's never too late to join in and catch up. To find out more, check out myspace.com/darkhorsepresents.

Denise Mina, award-winning crime novelist, brings her psychological style of crime fiction to Vertigo Crime.

Meet the Ushers. The parents, Ted and Biddy. Grandma Martha. The three kids, William, Amy and Sam. Just a normal, middle-class family gathered around the table on Christmas Day. Until they start dying. Violent deaths. One by one. Is there a curse on their house, as a recently unearthed history of witchcraft in the area would suggest? Or has one member of the Usher clan declared open season on the rest? As secrets and resentments boil to the surface, it becomes clear that more than one Usher has a motive for killing off the others. But in the end, the truth turns out to be far more shocking than anyone in this ill-fated family could have imagined.

Written by **PETER STRAUB**
& MICHAEL EASTON
Art and cover by **JOHN BOLTON**

New York Times best-selling author Peter Straub resurrects his most sinister creation, Fielding "Fee" Bandolier, the unstoppable serial killer last seen in Straub's bestseller, *The Throat*.
Aging and tired of a life devoted to death, Fee is preparing to end his long career of bloodshed.

Bob Steele is a disillusioned New York detective out for redemption and to him redemption means a one-man crusade to stop Fielding Bandolier. Steele's father cruelly named him after a Hollywood cowboy hero. The name has been a curse because Bob has very little hero in him. But he's going to give it one last try.

Cop and killer finally face off in a mysterious midwestern pub, "The Green Woman Tavern." And in that abandoned place, an unspeakable evil stronger than either of them lies waiting to seal the fates of both men.

Raleigh doesn't have a soul. A cat stole it – or at least that's what she tells people – or at least that's what she would tell people if she told people anything. But that would mean talking to people, and the mere thought of social interaction is terrifying. How did such a shy teenage girl end up in a car with three of her hooligan classmates on a cross-country road trip? Being forced to interact with kids her own age is a new and alarming proposition for Raleigh, but maybe it's just what she needs – or maybe it can help her find what she needs - or maybe it can help her to realize that what she needs has been with her all along.

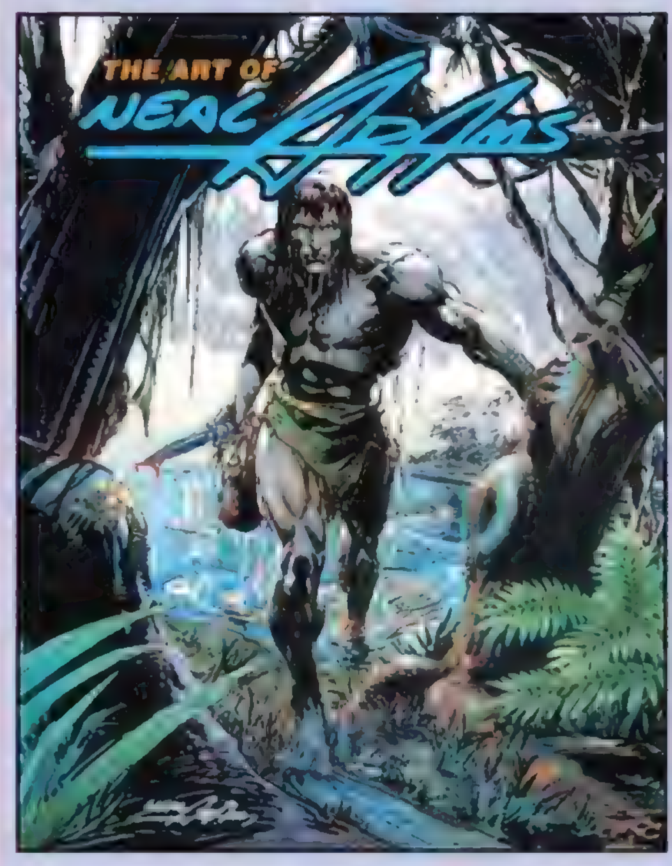
THE ART OF NEAL ADAMS SC

Vanguard Productions



Were I to pick the one comic book creator I'm most fanatic over, it would be Neal Adams. While I'm a big Alex Toth fan and my *Sugar and Spike* and *Scribbly* collections will be the last things I ever part with, its Neal's art that kept this collector's bug going after years of *Fin Fang Foom* and Go-Go checks and price increases.

Coming from Vanguard Productions this month is the softcover edition of *The Art of Neal Adams*. Vanguard has produced some award winning art books in the past and, while this softcover version does not have all the extras of the *PREVIEWS* Exclusive Deluxe Hardcover offered in May's *PREVIEWS* (MAY101154), it nonetheless offers an excellent value.

This book covers the career of Neal Adams from his assisting on the *Bat Masterson* and *Peter Scratch* strips by Nostrand and Lou Fine to going solo on *Ben Casey*. His advertising work print and animation medium are covered as is his movie poster and paperback cover art. Of course, his comic book work is covered — from *Archie's Joke Books*, *Chip Farrell* in *Boy's Life* and *Super Hip*, to *Batman*, *X-Men*, and, my personal favorite, *Deadman*. Switching from creator to publisher, we see the advent of Continuity Studios and new characters with the unique Adams stamp of creativity.

Fully annotated by the artist, this is one of the most anticipated art books in the last few years. This is a must have for your library – Neal Adams is the standard to measure comic artists regardless of generations.

Acclaimed as one of *Time Magazine's* "100 Best English-language Novels" since 1923, *Watchmen* is widely considered to be the greatest graphic novel ever. In *Watching the Watchmen*, artist Dave Gibbons gives his own account of the genesis of *Watchmen*, opening his archives to reveal the secrets behind the book's creation. Contained within are a host of excised pages, early versions of the script, original character designs, page thumbnails, sketches and much more, including posters, covers and rare portfolio art. Featuring the breathtaking design of Chip Kidd and Mike Essl, *Watching the Watchmen* is now available in this superb value paperback. It stands as both a major art book and the definitive companion to the graphic novel that changed an industry. (C: 0-1-2)

"(What is) the value of beauty in a world where seemingly timeless concepts can be easily bought and sold. What, if any, currency can we put in the beautiful people we worship, if there are armies of clones marching down the street... Dinski's art and storytelling beg the reader to dig below the surface. Combined they reveal a number of important questions about beauty, celebrity, sexuality, art, and superficiality."

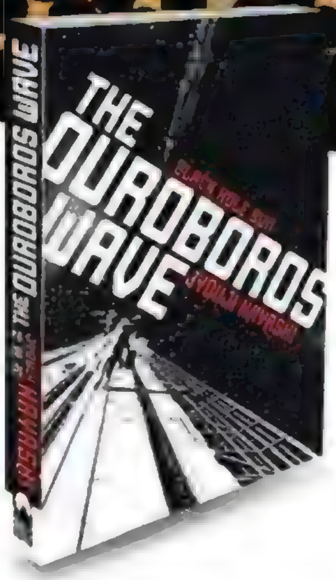
SUMMER, FIREWORKS, AND MY CORPSE
ALSO INCLUDES BLACK FAIRY TALE
OTSUICHI

From the author of Zoo and Goth!



Summer, Fireworks, and My Corpse
By *Otsuichi*

Two short novels, including the title story and *Black Fairy Tale*, plus a bonus short story. *Summer* is the simple story of a nine-year-old girl who dies while on summer vacation. While her youthful killers try to hide her body, she tells us the story—from the point of view of her dead body—of the boys' attempt to get away with murder.

Black Fairy Tale is classic J-horror: a young girl loses an eye in an accident but receives a transplant. Now she can see again, but what she sees out of her new left eye is the experiences and memories of its previous owner. Its previous *deceased* owner.

TWO GUYS NAMED JOE: MASTER ANIMATION STORYTELLERS JOE GRANT & JOE RANFT HC

(W) John Canemaker

This book explores the interplay between personal creativity and the craft of animation storytelling, as seen through the lives and art of two of its greatest practitioners. Joe Grant and Joe Ranft. A gifted newspaper caricaturist, Joe Grant contributed ideas for Mickey Mouse and *Silly Symphony* shorts as well as classic masterworks like *Snow White and the Seven Dwarfs*, *Pinocchio*, *Fantasia*, and *Dumbo*, and significant contributions to *Beauty and the Beast*, *Aladdin*, *Mulan*, and *The Lion King*. Joe Ranft built on the traditions of the past forged by Grant and others to become the top animation storyboard artist of his generation, working on Tim Burton's *The Nightmare Before Christmas*, *Who Framed Roger Rabbit*, *James and the Giant Peach*, *The Little Mermaid*, and *Beauty and the Beast*. Although their combined careers spanned the Golden Age of traditional animation that began in the 1930s at The Walt Disney Company and became the present digital age at Pixar Animation Studios, their extraordinary contributions remain largely unknown to the public. DODGEM LOGIC MAGAZINE #3

Featuring a wraparound cover by Alan Moore! While the popular primates that we promised you last issue have receded back into the mist, we've tried hard to alleviate your sense of cheated rage and disappointment by enlisting laugh-along Luddites-for-Literature supremo Robin Ince to smooth the gentle gradient of your furrowed brow. We also tracked down Josie Long through credit-card transactions in her brave but ultimately doomed *Shawshank Redemption* bid for freedom, so she's back with us and doing what she likes best, if that's being handcuffed to a radiator. As for the thick wedge of extra pages that you're paying through the nose for in this bumper issue, they contain a rare compendium of delights. We've got confessions of calamitous careers in the constabulary, step-by-step instructions for do-it-yourself diabolism, and the rigorous recriminatory ruminations of a rogue town planner. We've got divine decadence and sultry San Francisco nights along with the exploits of troubled everymen Johnny Viable, some glamorous graffiti, and a tantalizing T-shirt transfer from the crayon box of *Dodgem Logic*'s vendor of voluptuousness, Melinda Gebbie. JERRY ROBINSON: AMBASSADOR OF COMICS HC

(W) N.C. Christopher Couch, (A) Jerry Robinson

Jerry Robinson is one of the living legends of American comics. As a member of the original Batman team, he created the first and most iconic of all supervillains, the Joker, and co-created Robin, the archetypal sidekick. During the Golden and Silver Ages of comics, Robinson worked on every comic book genre there was, and brought to life his own super heroes such as London, Jet Scott, and Atoman. His artistry also extended beyond comic books into editorial cartooning and popular syndicated newspaper strips such as *Still Life* and *Flubs & Fluffs*, as well as magazine and book illustration, fine arts, academia, and humanitarian affairs.

Robinson has been an influential teacher, an important curator of cartooning art exhibits, and a tireless champion of artists' rights. This rich, fully illustrated collection of his work was written in collaboration with the artist himself. (C: 0-1-2)

ANDROID KARENINA SC
(W) Leo Tolstoy, Ben H. Winters
Sense and Sensibility and Sea Monsters co-author Ben H. Winters is back with an all-new collaborator, legendary Russian novelist Leo Tolstoy, and the result is *Android Karenina*, an enhanced edition of the classic love story set in a dystopian world of robots, cyborgs, and interstellar space travel! As in the original novel, our story follows two relationships: The tragic adulterous love affair of Anna Karenina and Count Alexei Vronsky and the more hopeful marriage of Nikolai Levin and Princess Kitty Shcherbatskaya. These characters live in a steampunk-inspired world of robitic butlers, clumsy automatons, and rudimentary mechanical devices. But when these copper-plated machines begin to revolt against their human masters, our characters must fight back using state-of-the-art 19th century technology and a sleek new model of ultra-human cyborgs like nothing the world has ever seen! I HEART GUTS PLUSHES

I Heart Guts is the brainchild of an anatomically-obsessed illustrator who loves internal organs. Founded in 2005, this little family operation (heh, heh, heh, ugh) strives to offer the best in stoopid slogans paired with happy gloppy guts and likes like to think of the Guts as what you might find inside a dissected Hello Kitty. The guts grew from a single drawing of a broken heart, after a string of bad hook-ups, dead-end relationships, and lame-o boyfriends. Choose your organ, from Spleen to Kidney to Heart to Intestines with these surprisingly emotiveand visceral plushes. Scheduled to ship in August 2010. JOE LEDBETTER'S SKETCHBOOK HC

A wise man once said, "Looking through an artist's sketchbook is like seeing that artist naked." With this brand-new series of hardcover books, Nerdcore proudly undresses some of pop art's most daring and original creators, beginning with *Joe Ledbetter's Sketchbook*. Like never before, fans will be welcomed into the creative process, warts and all. Each of the 184 pages in this volume was hand-selected by Mr. Ledbetter from various personal sketchbooks, dating back to 2003 when his now-iconic characters like *Mr. Bunny* were barely-recognizable scribbles. You'll be treated to character design experiments for creatures that never were, doodles for vinyl toys that still aren't, concepts for paintings that already are, and plenty of surprise smudges just because we can. STRIDER, RANGER OF THE NORTH

ARWEN EVENSTAR

TONNER: THE LORD OF THE RINGS DOLLS

A decade ago filmmaker Peter Jackson took film audiences on a journey into the world of J.R.R. Tolkien's legendarium with his blockbuster *The Lord of the Rings* film trilogy, bringing to life the characters and settings that Tolkien's fans had only imagined. Robert Tonner continues Jackson's journey, taking the films' beloved characters and crafting a series of exquisite collector dolls. As a Ranger of the North, the Dunedain Aragorn is known as *Strider*, and none that he protects know that he is the heir to the throne of Gondor. Aragorn's beloved, the immortal elf *Arwen Evenstar*, lives in the Elvish retreat of Rivendell along the river Bruinen. Tonner recreates both characters, based on their appearance in the film with meticulous replicas of the costumes worn, hand-painted facial sculpts, and deeply-rooted saran hair. Fans of the film and Tolkieniana collectors will want to add this deeply romantic pair of dolls to their collections. Scheduled to ship in August 2010. MARVEL STUDIOS IRON MAN 2

THE KOTOBUKIYA COLLECTION
WAR MACHINE ARTFX STATUE

***A KOTOBUKIYA** Japanese import!*

Following on the amazing Fine Art Statues celebrating the titular hero of the first Iron Man film comes the second of two great additions from the upcoming Iron Man 2. Hot on the heels of the Iron Man Mark VI statue is Tony Stark's ally James Rhodes in the armor known as **WAR MACHINE**! Newcomer to the franchise Don Cheadle will be playing the character alongside Robert Downey Jr.'s Tony Stark. A longtime friend of Stark's, James Rhodes was a U.S. Air Force Lieutenant Colonel working for the state department as a liaison to Stark Industries in its arms development capacity. Beyond his official role, Rhodes is a good friend of the eccentric billionaire and one of the few people Stark can count on in an emergency. Immediately recognizing the versatility and power (not to mention fun) of the Iron Man suits, Rhodes was destined to don a suit of his own.

In Iron Man 2 Rhodes gets his wish when Stark creates a special armor suit for him that focuses on heavy weaponry. The War Machine armor is bulkier than the Iron Man suits, with large armor plates and reinforced sections on the hips, arms, and torso. Its offensive capability is obvious from the massive gatling-style cannon on its left shoulder, as well as the twin submachine guns mounted on its forearms. War Machine is posed in a martial stance, bringing his right forearm gun to bear as the shoulder cannon tracks additional targets. Unlike the resplendent red and gold of Stark's advanced suits, War Machine is much more somber in sleek, no nonsense black and silver with red highlights around the eyes and chest-mounted arc reactor.

Sculpted by Erick Sosa, War Machine stands nearly 11 2/3 inches tall atop a cylindrical Repulsor Transmitter base in matching colors. Improving on the previous Iron Man Fine Art Statues, War Machine has upgraded LED lights in the eyes, chest, fists, and base! Each ARTFX Statue is constructed of high-quality PVC. Don't miss out on one of the most highly anticipated armor suits from Iron Man 2, and the perfect complement to the Iron Man Mark VI Fine Art Statue!

DEADPOOL

MARVEL COMICS PRESENTS THE KOTOBUKIYA COLLECTION FINE ART STATUE

A ***KOTOBUKIYA*** *Japanese import!* The "Merc with a Mouth" is on a rampage! One of the most popular comic book superheroes in the business, Wade Wilson is popping up everywhere, and now he's taken over Kotobukiya as the next Fine Art Statue in the Marvel Comics Presents collection, **DEADPOOL**! Formerly a member of the Weapon X program, Wilson has since struck out on his own as an assassin for hire and independent agent. With his trademark costume, extensive armory, and nonstop witty repartee, Deadpool makes a huge impact wherever he goes.

Never stopping for a moment, Deadpool is posed in the midst of intense action, leaping over a crate with weapons at the ready. His iconic red and black skin-tight costume highlights the mutant assassin's muscular physique as well as the intense concentration apparent on his face. Deadpool is also laden with his usual assortment of goodies, including the knife sheathed on his left ankle, various waist pouches, and a gun holstered on his right thigh. Depending on what style of fighting you prefer, Deadpool can be outfitted with either set of included arms; one wields his deadly katanas and the other fires intricately detailed Uzis!

Deadpool stands approximately 10 inches tall, leaning over a detailed battle scene complete with crate and even a tiny Deadpool "plush" toy! Sculpted by Erick and William Valenzuela, the demented yet hilarious assassin is recreated in high quality cold cast resin. Get him... before he gets you.

SHINING WIND

XECTY GODDESS OF WIND ANI*STATUE

A KOTOBUKIYA
Japanese Import!
Based on 2007s PlayStation 2 game and the latest in the "Shining" series of over 18 games and an anime series "Shining Wind" comes an all-new version of the beautiful heroine, **XECTY GODDESS OF WIND**! One of Baelgard's four guardians, Xecty is an artificial life form created by Hiruda from Celestia's genetic material. While previous versions of the clone have appeared in various military regalia, this new one celebrates Xecty as a goddess of nature.

Based on the cover art illustration of "Tony's Art Works from Shining Wind," Xecty is the second in a sub-series of 1/6th scale goddesses following Elwyn Goddess of the Forest. The radiant beauty gracefully rises up out of a flowing windy base, appearing to float in the air. Xecty is posed with her arms above her head, highlighting the curves of her body. The goddess wears nothing but a tiny bikini-like garment that resembles translucent white ribbon and leaves very little to the imagination. As her hair flows down behind her, Xecty's long ears and the white angel wings protruding from her head sweep backwards, away from her serenely attractive face. Sculpted by Hirotoshi Nakamura, Xecty is 12 ½ inches tall (1/6th scale) and comes packaged in an attractive window box.

THE KARATE KID 2010 DVD

Dre Parker could have been the most popular kid in Detroit, but his mother's latest career move has landed him in China. Dre immediately falls for his classmate Mei Ying, but cultural differences make such a friendship impossible. Even worse, Dre's feelings make an enemy of the class bully, Cheng. In the land of kung fu, Dre knows only a little karate, and Cheng puts "the karate kid" on the floor with ease. With no friends in a strange land, Dre has nowhere to turn but maintenance man Mr. Han (Jackie Chan), who is secretly a master of kung fu. As Han teaches Dre that kung fu is not about punches and parries, but maturity and calm, Dre realizes that facing down the bullies will be the fight of his life. (C: 0-1-4)

JONAH HEX DVD

Jonah Hex is a tough and stoic gunslinger who can track down anyone and anything. Having survived death, Jonah's violent history is steeped in myth and legend, and has left him with one foot in the natural world and one on the "other side." His only human connection is with Lilah, whose life in a brothel has left her with scars of her own. But Jonah's past is about to catch up with him when the U.S. military makes him an offer he can't refuse: in exchange for his freedom from the warrants on his head, he must track down and stop the dangerous terrorist Quentin Turnbull. But Turnbull, who is preparing to unleash Hell, is also Jonah's oldest enemy and will stop at nothing until Jonah is dead. (C: 0-1-4)

MAD's
GREATEST ARTISTS

MAD'S GREATEST ARTISTS: SERGIO ARAGONÉS

RUNNING PRESS

When it comes to all of the creative talent in that usual gang of idiots that worked on *MAD Magazine*, there is one that is markedly better than the others and that's the one and only [illegible] Aragonés.

Sergio, along with Jack Davis, Angelo Torres, Mort Drucker, Dave Berg, Al Jaffe, and Antonio [illegible], was *MAD Magazine* when I was growing [illegible] in The Lighter [illegible] and enjoy the latest irrelevant look at current TV shows and movies, but it was the blood-wearing, [illegible] ings by Sergio Aragonés that I always saved for last when reading *MAD*.

In Running Press' *MAD's Greatest Artists: Sergio Aragonés* you get the best of Sergio's *MAD Magazine* work as selected by the mustachioed artist himself. Laid out in chronological order, you witness the creative growth of one of the funniest men in comics. This is a book I can't wait to get my hands on and read cover to cover, margin to margin. Now if only someone would do a complete Plop comic collection and Groo omnibus. There's nothing marginal about the art of Sergio Aragonés and not a reason not to add this to your comics library.

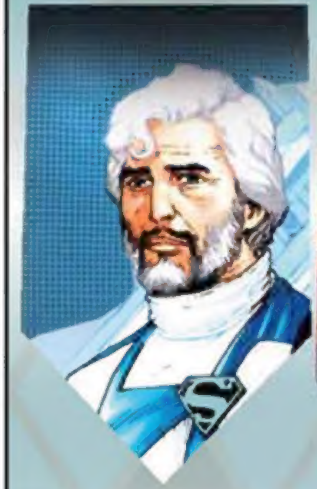
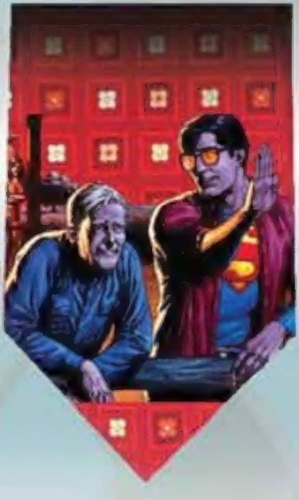
COMICS' BEST FATHERS

It's no secret that through the years that fathers, and the concept of fatherhood, have been ubiquitous in all forms of popular culture. From books and radio, television and film, and even in the comics, fathers have had a significant impact on the world of entertainment. So how do the super-heroic dads in our favorite comic books fight the good fight and still spend quality time with the family? What makes them stand out above the rest? It's not easy, but the efforts of these four-color fathers are proof positive that becoming a "super dad" is every bit attainable. In celebration of the 100-year anniversary of Father's Day, here is a look at ***PREVIEWS'*** top six "Comics' Best Fathers," and how they fit in family life while fighting for truth and justice — each in his own way.

Comics' Best Fathers



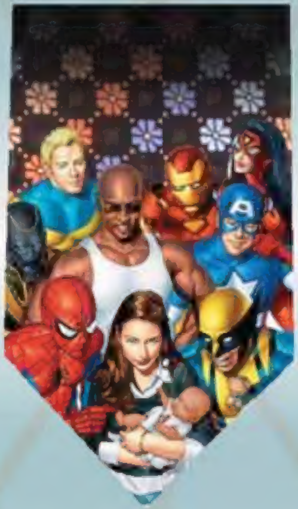


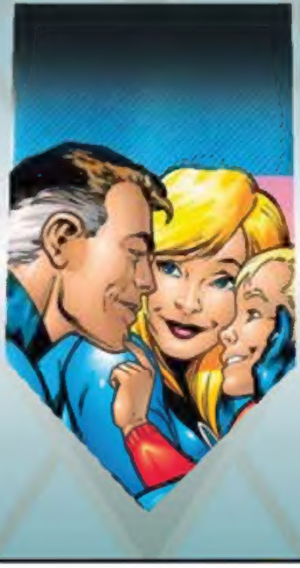
JOR-EL OF KRYPTON and JOHN "PA" KENT

The former was one of the planet Krypton's greatest minds. The latter was a simple earthly farmer with a kind heart. In life and death, both Jor-El of Krypton and John "Pa" Kent taught young Kal-El (a.k.a. Clark Kent) life lessons such as love, hope, and humanity – essential truths that would shape the hero's worldview as the Man of Tomorrow. Each was a strong man in his own right, and passed on his own strength of character to the Man of Steel. And with that said, if the lessons each father teaches his son helps to make the man, then both Jor-El and John Kent were instrumental in creating a superman.

LUKE CAGE

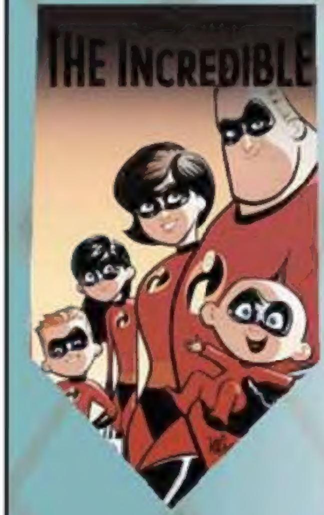
As a one-time "hero-for-hire", Luke Cage was known throughout the Marvel Universe as the mighty Power Man. One of the toughest heroes to come out of the Marvel Age of Comics, Cage's main power nowadays lies in his strength as a husband and a father. Married to *Alias'* Jessica Jones, Cage is the proud papa of baby Danielle – named after Luke's best friend and former partner, Danny Rand (a.k.a. the Immortal Iron Fist). At present, Luke still battles the bad guys, all the while settling his family into life with the latest incarnation of the Avengers.





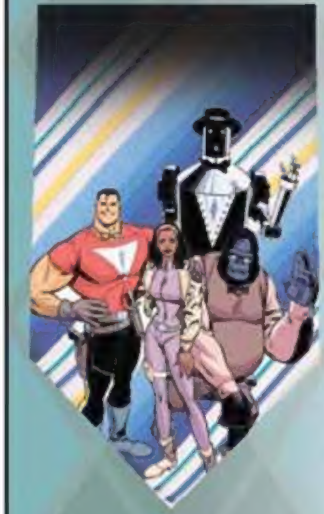
MR. FANTASTIC / REED RICHARDS

The original super-powered dad, Reed Richards has laid the groundwork for the many comic book super-men who have followed. Though tirelessly fascinated with the universe and its myriad secrets and wonders, its Reed's brilliant children – Franklin and Valeria – that keep his attention nowadays. The constant love and support of his wife, Susan Storm Richards (the Invisible Woman), also keeps him grounded in this reality – as opposed to the multitude he's already discovered and explored. But when looking at this "comics' best father," one must also consider Reed's talent for flexibility – a super-power that allows him to put family first during an epic battle, or for the duration of something as wonderfully ordinary as a family outing in Manhattan.



MR. INCREDIBLE / BOB PARR

If you've seen *The Incredibles*, you already know that strongman Bob Parr had to learn the hard way that it takes powers far beyond those of mortal men to successfully fight crime and keep the family unit working in synch. To accomplish this, according to pixar.com, he had to realize that "the real source of his power is his extraordinary family." That powerful truth helps make him a loving husband to Mrs. Incredible (Helen Parr), and a wonderful dad to his three superlative – and super-powered – kids: daughter Violet and sons Dash and Jack-Jack. As readers of the BOOM Kids! comic book series already know, it's Mr. Incredible's ironclad role as a father that's his major strength.



TOM STRONG

Living in the legacy of pulp legends Doc Savage and Tarzan, the great science-hero Tom Strong was raised on the mysterious isle of Attabar Teru, and became the self-appointed protector of majestic Millennium City – safeguarding it from the likes of Paul Saveen, Dr. Permafrost, and Ingrid Weiss, among others. Tom keeps the science-hero business in the family, as he fights the good fight alongside his wife, warrior princess Dhalua, and their daughter, Tesla. As the patriarch of the Family Strong, Tom's fathering philosophy is simple: actions speak louder than words.

You can thrill to the exploits of these Comics' Best Fathers in comic books and trade paperbacks offered each and every month in ***PREVIEWS***!

Scott Braden is a freelance writer whose previous credits include work for *Overstreet's FAN*, *riot*, and *Tripwire*. An avid reader and collector, Scott makes his home in Hanover, PA. along with his wife and son.

Famous Fathers of the Funnies

Famous dads aren't just to be found in comic books, they've been a staple in the daily and Sunday funnies for generations!

Bill (of *The Family Circus*)

Along with his wife, Thelma, Bill constantly learns life lessons from his four children – Billy, Dolly, Jeffy, and PJ – and their funny-but-honest observations of the world.

Dagwood Bumstead (of *Blondie*)

The wonderfully klutzy Dagwood Bumstead is a simple man with simple pleasures: his wife and kids, and his greatest invention . . . the Dagwood sandwich.

Jiggs (of *Bringing Up Father*)

Irish transplant Jiggs came into a great sum of money when he moved to the United States – much to the delight of his wife, Maggie, and daughter Nora. To the ladies' chagrin, however, the unsophisticated Jiggs still wants the simple things in life – like eating corned beef and cabbage and hanging out with his old pals at the tavern.

Hi Flagston (of *Hi and Lois*)

Married to Beetle Bailey's sister, Lois, Hiram Flagston is a typical middle-class suburbanite who loves his beautiful wife and four lovely children. The kind of guy that you'd gladly call friend, he continuously fights the good fight against crabgrass, peeling paint, and a leaky basement.
